

# PanBlast™ Spartan Supplied Air Respirator Helmet

*"Surface Preparation  
Is Our Business"*

## *PanBlast™ Spartan Supplied Air Respirator:*

The PanBlast™ Spartan is designed as a budget style respirator helmet to protect blasting operators from the health hazards associated with abrasive blasting; flying and ricocheting abrasive, excessive noise levels and the dust generated by the shattered abrasive and coatings.

## *PanBlast™ Spartan Supplied Air Respirator Design Features:*

- \* Rigid polyethylene outer shell - excellent high impact resistance.
- \* Molded shape evenly disperses incoming air around operator's head, face and neck - provides maximum operator comfort.
- \* Comfortable inner foam padding.
- \* Sound absorption inner foam reduces operator noise exposure.
- \* Tough nylon outer cape with removable /washable inner neck band.
- \* Available with or without Breathing Tube, Air Flow Controller, Air Cooling Controller or Climate Controller.
- \* Double layer inner/outer lens arrangement with quick and easy lens replacement.
- \* Suitable for all abrasive blasting applications.
- \* Replacement outer lenses available in packs of 20, inner lenses in packs of 10.

Note: Regulatory requirements for breathing air quality will vary depending on your region.

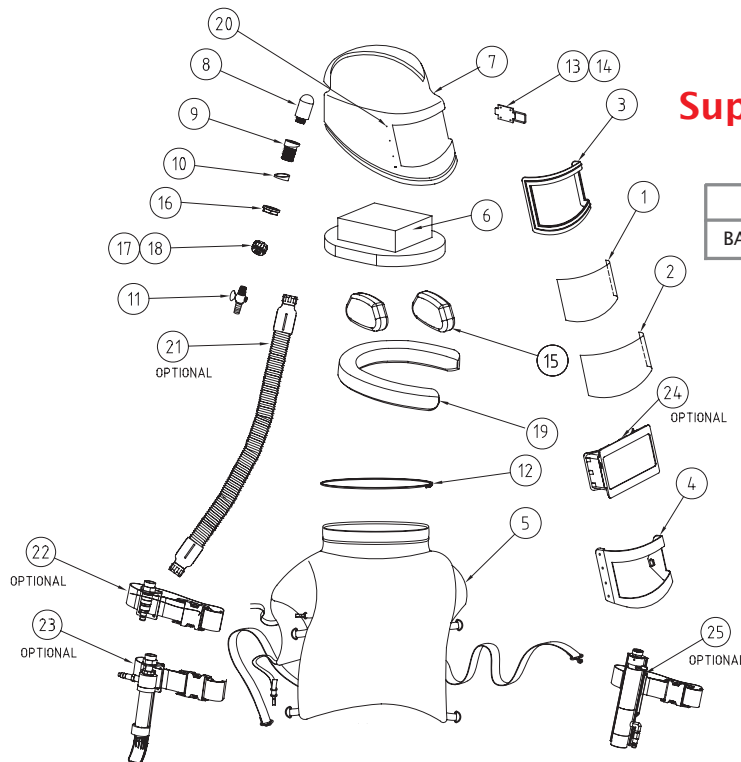

- For NIOSH requirements, breathing air must be of Grade D quality.
- For CE requirements, breathing air must be in accordance with EN12021.
- For AS/NZS requirements, breathing air must be in accordance with AS/NZS1715.

## PanBlast™ Spartan Supplied Air Respirator Assemblies -

Stock Code	Description	Weight
BAC-BH-PB-0037	Spartan Supplied Air Respirator Including Inner & Outer Cape	4.00kg (8.80lbs)
BAC-BH-PB-0076	Spartan Supplied Air Respirator c/w Air Flow Controller & Belt and Breathing Tube	4.20kg (9.30lbs)
