

# PanBlast™ CS Series CS48 Suction Blast Cabinet

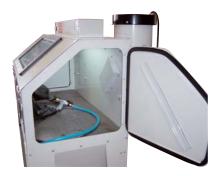

The PanBlast™ CS48 Suction Blast Cabinet is an economically priced, light duty blast cabinet, which makes it ideal for lower production applications, which only require intermittent usage. The PanBlast™ CS48 cabinet is supplied crated in partially knock down form to reduce shipping costs. Only basic hand tools are required to complete the assembly.

### **PanBlast™** CS48 Cabinet Standard Features:

- \* High performance suction gun assembly featuring 3mm (1/8") air tip with 6mm (1/4") blast nozzle.
- \* Unique three (3) access door design for added versatility.
- \* 1200 watt high performance dust collector with replaceable dry filter cartridge.
- \* Extra large 575mm (22.6") x 265mm (10.4") operator viewing window.
- \* Viewing window and cabinet light protective tear off covers.
- \* Partial knock down design for reduced shipping costs.
- \* Compressed air regulator and gauge assembly.
- \* Simple, robust foot pedal blast control.
- \* Adjustable abrasive feed control.

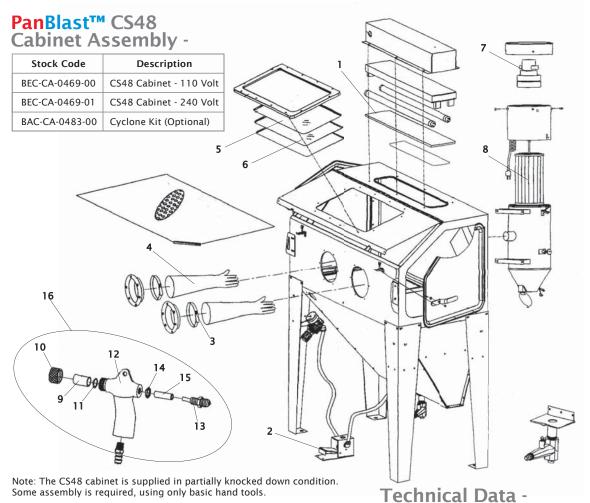

Blast Pots & Cabinets - Remote Control Valves - Abrasive Control Valves - Blast Nozzles - Nozzle Holders & Couplings - Helmets & Breathing Air

#### **Commonly Used Abrasives:**

- \* FastBlast™ Chilled Iron Grit
